ABOUT BECK INDUSTRIAL

BECK INDUSTRIAL BEGAN AS THE MANUFACTURING DIVISION OF BECK STEEL, INC.- A COMMERCIAL STEEL FABRICATION SPECIALIST WITH A 40 YEAR HISTORY OF SUCCESS IN LARGE, HIGHLY COMPLEX PROJECTS. IN 2012 BECK INDUSTRIAL WAS INTERNALLY PURCHASED BY ITS ORIGINAL FOUNDERS WHO OWN AND OPERATE THE COMPANY TODAY.

IN 1999, BECK INTRODUCED ITS FIRST REAR DISCHARGE TRUCK MIXERS TO EQUIPMENT DISTRIBUTERS IN THE US AND MEXICO. FOR YEARS BECK INDUSTRIAL EVALUATED PERFORMANCE, TESTED, RE-DESIGNED, AND RETESTED THE PRODUCT. IN 2004 BECK MIXERS WERE OUT-PERFORMING AND OUT-LASTING INDUSTRY LEADERS, SO THE FAMILY NAME WENT ON THE BACK AND BECK INDUSTRIAL MIXERS WERE MADE AVAILABLE DIRECTLY TO CONCRETE PRODUCERS.

SINCE 2004 BECK INDUSTRIAL HAS BECOME NORTH AMERICA'S LARGEST FAMILY OWNED MIXER MANUFACTURER WHILE ESTABLISHING A NEW STANDARD FOR DURABILITY AND PERFORMANCE. BECK INDUSTRIAL TAKES PRIDE IN BEING LARGE ENOUGH TO MEET THE NEEDS OF ANY CONCRETE PRODUCER, BUT SMALL ENOUGH FOR EACH CUSTOMER TO WORK DIRECTLY WITH A DECISION MAKER IN THE COMPANY.
